Association

NCCA UNIVERSITY ON-SITE TRAINING SPECIAL PROMOTIONAL OFFER

For limited time, discounts on personalized training are being offered.
Contact the NCCA office for details.

**Facing generational transition?
Limited resources to train new employees?**

NCCA HAS THE SOLUTION!

NCCA Personalized Training

NCCA is pleased to offer personalized training programs to help address members' training needs. Training sessions will cover the topics offered by NCCA in an objective, product-neutral manner. The training will be based upon NCCA resources, and can be customized to address specific company's personnel needs. Training is ideal for general education of commercial and manufacturing employees.

NCCA Trainer

Training sessions will be conducted by David Cocuzzi, our technical director, who has a 45+ year background in all aspects of coil coatings technology.

INTERACTIVE TRAINING SESSIONS AVAILABLE

One or Two-Day Interactive Training Session -

David will train your employees at your facility for one or two full days.

***Fees: One Day:** \$2,500
